I support the passage of LD 2106. It is important that ICE operations be properly reviewed judicially and that agents cannot conduct immigration enforcement without a valid judicial warrant in schools, hospitals and healthcare facilities, daycares, and libraries.

Every Mainer, regardless of immigration status, should be able to attend school, go to a doctor's appointment, or simply visit their local library without fear or the threat of intimidation from ICE. Also people's private records need to be protected from ICE in case they enter nonpublic areas in these places.
