

Suz Okie  
Portland  
LD 2106

As a concerned Portlander, Mainer, and U.S. Citizen I believe it is essential this bill passes to protect the common, highly valued spaces of our community.

This longstanding and commonsense policy — which had stood for decades across Democratic and Republican administrations — had ensured that all people could access crucial public services and meet basic human needs without fear.

LD 2106 protects the rights and safety of vulnerable Maine residents, including children, workers at public schools, healthcare facilities, daycares, and libraries, and serves key public policy interests, including making sure all Maine children receive an education and public health information is freely shared.

Please protect the public by protecting our community and critical spaces. Please pass LD2106. Thank you for your consideration
