

Erin Anderson
Whitefield
LD 2106

Hello, my name is Erin Anderson and I am urging you to support LD 2106. Schools, daycares, hospitals, and libraries are safe spaces in our community. ICE should NOT be permitted to conduct immigration enforcement in a manner which is meant to create fear and panic. Parents should feel safe taking children to school and the doctor or to story time at the library. If ICE has a legitimate target they need to be required to obtain a judicial warrant, and no Maine parent should feel afraid to send their child to school or take them to the doctor when they are sick. LD 2106 is common sense, protects Maine's children, and all of us across the state.
