LD 2106

I am in strong Support of LD 2106.

I believe we should All feel Safe in School, in a Health care facility, in a Child care facility, in a public Library, and in our places of Worship.

(Not to mention the obvious which is in our Homes, and that is what the 4th Amendment is supposed to protect.)

If ICE or CBP wants to enter these places to search for people, they Must have a Valid Judicial Warrant. Nothing else will do.

Please help protect the safety and privacy of All Mainers.

Thank You!
