LD 2008

Please consider fully supporting LD2008 “An Act to Provide Funding to the Maine School of Science and Mathematics (MSSM) and Clarify Sending School Administrative Unit Obligations”. MSSM is a school that focuses on the needs of students that excel in academics. My oldest son graduated from MSSM in 2025 and obtained an appointment to the US Merchant Marine Academy in Kings Point NY. Our youngest son is now a freshman at MSSM and for the first time in his academic career, he has been challenged. Both truly love the school and what it has to offer. Unfortunately, MSSM has been flat funded for 10 years and has reached a point that is no longer sustainable. This funding is essential in ensuring that MSSM continues to meet the needs of these students as the Legislators had originally envisioned.
