LD 2106

Emma Rose DiMuzio

Westbrook Maine

I am writing in support of LD 2106. As a recent graduate of USM and someone who grew up in Maine, we need to protect of children and vulnerable people in our communities by passing this bill. Maine ranks 47th in amount of undocumented immigrants in the US. Only three other states have less undocumented people. There is NO reason for ICE to be targeting Maine and its residents, as the VAST majority of immigrants are here legally. Please help protect these valuable members of our community from the fear and pain they have been subjected to over the last few weeks. Our fellow Mainers deserve better than this.
