LD 2106

To the Judicial Committee,

Today I am writing in support of (bill) LD 2106, in the hopes to protect our streets and the public safety; keep ICE out of our SCHOOLS, HOSPITALS, DAYCARES, LIBRARIES. I, a Mainer of over 23 years, am appalled with how quickly this organization (ICE) has infested our state.

I believe the VERY LEAST our government can do is support LD 2106. We will not allow the baiting and kidnapping of our citizens and immigrant neighbors on legal status; all are clearly being taken without judicial warrant and without due process. We are all clearly at serious varying risk.

Please keep this organization out of our SCHOOLS, our HOSPITALS, our DAYCARES, our LIBRARIES. LD 2106 is necessary for the protection of Mainers. It can slow down their unlawful actions and their seemingly endless reach.
