LD 2106

I, Layla Keener, am testifying in support of LD 2106 because I am devastated by the unwarranted deployment of ICE in my community. The recent activity of ICE in Maine has provoked great fear in myself and my peers, with people afraid to leave their homes, attend school or work, or simply go about their day-to-day lives. The relentless actions of ICE directly violate our constitutional rights, so I ask that all vote in support of this bill to help protect freedom in our community. Thank you for your time.
