

Harper Lyford  
Scarborough  
LD 2106

As a student in Scarborough High School, I am advocating for you to support bill LD 2106 in order to help give our immigrant neighbors the legal rights they deserve. ICE has created so much fear in our communities and is actively hurting the everyday lives of countless families, children, and other innocent people. Nobody deserves to be arrested without due process. Please, pass this bill to help give people their rights and the freedom to live with a bit less fear.
