

Hilary North-Ellasante
Portland
LD 2106

I express my support for this bill that will ensure proper judicial review of ICE operations in Maine, and prevent ICE from conducting immigration enforcement without a valid judicial warrant in schools, hospitals and healthcare facilities, daycares, and libraries. With the blatant disregard for due process and adherence to constitutional rights we have seen play out in Minneapolis, Chicago, and Los Angeles, LD 2106 is a vital guardrail to protect folks making a life and home here in Maine. Please vote for LD 2106 and make our state a beacon of lawful resistance against authoritarianism and abuse of power.
