RE: LD 2106, An Act to Prohibit the Disclosure of Nonpublic Records Without
Proper Judicial Review

I appreciate the opportunity to submit testimony in strong support of LD 2106.

The recent ICE deployments have created an emergency situation, and I appreciate the sponsors who put this measure forward.

The bill makes clear that judicial warrants are necessary if any immigration enforcement is to be attempted in Maine schools, libraries or medical facilities, allowing new Mainers and all of us to access these important community facilities without fear or risk.

Immigration enforcement must be carried out in an orderly way that provides due process and equal protection under the law. It is in everyone's interest to see that all Mainers are safe as they go about their day-to-day lives in our communities.

Thank you for your consideration.
