I am writing in support of LD 2106. I am a public school teacher, and it is critical that we ensure that our students are safe and protected in our schools. Schools are places of learning, community, and belonging. Students should not feel scared to come to school because of their immigration status or the color of their skin. All children are entitled to a free and public education in our country, and the political targeting and fear-mongering of our federal government should not affect that.
