Senator Carney, Representative Kuhn, and esteemed members of the Judiciary committee,

My name is Madison Janetsky, and I live in Montville, ME. I am writing this testimony in support of LD2106: An Act to Prohibit the Disclosure of Nonpublic Records Without Proper Judicial Review. To have a functioning and equitable society it is crucial that all people can access public institutions. Public schools, childcare centers, hospitals and libraries are the backbone of a democratic society and must be open to all, regardless of immigration status. Functionally, in order for those spaces to be truly accessible, people must be able to trust that their private information will not be disclosed without proper warrant. Likewise, entering spaces such as a classroom or hospital exam room, must not mean sacrificing one's basic due process rights. In this time of heightened immigration enforcement, I urge you to vote to preserve public institutions as truly public spaces for all, in the way they were always intended to be. Please support LD2106.

Thank you for your consideration,
Madison Janetsky
