

Public Hearing

Judiciary Committee LD 2106 (FOR)

When a federal agent comes into your school without a warrant, or asks a hospital administrator for a patient's record, a certain loneliness takes hold. Do you really know what it's like to be a teacher under such circumstances? Or imagine a staff member or director of a child care center. Think how terrifying it is to refuse a request from armed men in masks with big, bad badges. LD 2106 will provide caregivers, librarians, and other administrators support to refuse such threats and provide a standard of conduct for everyone.

LD 2106 is about holding out a supporting hand, showing them that they are not alone, and that we, the people of Maine, care about the law, about the dignity of all our neighbors and that we will protect each other during times of crisis and governmental over-reach. Please pass this today and stand up for all of us. Thank you.
