Good afternoon Senator Carney, Representative Kuhn, and honorable members of the Judiciary.  
Thank you for taking the time to read my testimony.

I am writing in favor of LD 2106 which would prohibit immigration law enforcement officers from entering non-public spaces without valid warrants. I believe that everyone should be able to access the important services of hospitals and healthcare facilities, daycare, schools, and libraries. This law would decrease the number of people who feel unsafe in these spaces due to ICE's record of unnecessary and violent assaults, kidnaps, and murders often on the basis of racial profiling. Many of my community members and people that I love and care for are refusing to leave their homes because they do not want to encounter ICE. ICE is a dangerous organization that has proven itself to be a racist, unlawful, and xenophobic organization that perpetrates violence against both non-US *and* US citizens. Everybody deserves to be able to access health, childcare, and education and to be able to leave their homes without putting their lives at risk.

Please support LD 2106: An Act to Prohibit the Disclosure of Nonpublic Records Without Proper Judicial Review. Thank you for your time and consideration.

Best,  
Emilia Bois
