LD 2106

I am writing in support of LD 2106, An Act to Prohibit Nonpublic Records Without Proper Judicial Review, which would provide safety to our citizenry, especially vulnerable ones. No one should be afraid to get medical attention, go to school or a place of worship, or even the library. Everyone should feel safe in their homes. We must provide some guardrails against the willy nilly militaristic use of federal agents who are sowing terror. I'm reminded of the clergy Martin Neimoller's oft quoted line about not speaking up when they [the Nazis] came for the Jews, [then the mentally unstable, gay and lesbian, Roma, etc] because he wasn't one of "them". The lawlessness of ICE actions must stop. Please pass LD 2106 and get this enacted as soon as possible. Thank you.
