

In support of LD 2141 An Act to Direct a Portion of Unclaimed Beverage Container Deposits to the Lake Water Quality Restoration and Protection Fund, the Maine Working Farmland Access and Protection Program and Public Defender Office Staffing

As a life-long Mainer and outdoor enthusiast, and for the past 13 years, owner of a seasonal lakefront property, I encourage support for the above named bill.

My wife and I are volunteer LakeSmart surveyors, encouraging lake shore owners to care for their property in a way that protects the lake. We are trained and overseen by Lakes.ME.

In addition, we take water quality measurements throughout open water season and the data is cataloged for lakes statewide by Lake Stewards of Maine.

While my wife and I volunteer our time, materials we utilize, training, quality assurance retraining, and the tracking of our efforts by the institutions mentioned do incur expense.

Utilizing unreimbursed funds from returnable beverage containers can benefit our efforts to Keep Maine Lakes Clean!

Thank you,

David Hallee  
12 Gray St.  
Waterville, ME 04901
