

Courtney Reed
St. Albans
LD 2106

To the judiciary committee,

I am a Maine constituent writing to you today to demonstrate my support of the bill, LD 2106, that will prohibit the access of ICE into schools, libraries, daycares, and hospitals. The current actions and practices of ICE within our state have instilled a sense of fear into our community, and, thus, we should pass LD 2106 in order to keep our public spaces safe and accessible for everyone.
