

Megan Cronkite  
Northport  
LD 2106

I am testifying today to urge the support of LD 2106. Policies, in place for decades, that limit immigration enforcement at sensitive locations such as schools and hospitals, have been built on a common sense understanding that all people must be able to access these locations without fear. This is a matter of overall public health. I urge you to find it within you to stand within your heart and integrity to support LD 2106.
