

My name is Olivia Cousins.

I live in Westbrook, Maine.

LD2106 is important because some of my friends are too scared to even come to school and ice is coming up in basically all of our conversations on the bus, at lunch, and recess which is really stressful and distracting.

I want all my friends and their family to feel safe and to stop ICE from coming into schools, libraries, and daycares.

Thank you,  
Olivia age 9
