LD 2106

I'm testifying in favor of LD 2106. LD 2106 protects Maine's kids, parents, teachers, healthcare workers and all of us by denying ICE access to schools, healthcare facilities, daycares, and libraries without a valid judicial warrant. We have seen how much damage ICE has done, including killing observer civilians. They deported a five year old with his father, after following them from school. They've taken a father after his wife gave birth. Here in Maine, they've detained people with all their documentation in order. We must do all we can to stop this lawless behavior. Please support LD 2106.
