

John Stanek  
West Gardiner  
LD 2141

I am a resident of West Gardiner and Board member of the Cobbosseecontee Lake Association writing to urge the committee to support LD 2141. My family has owned property on Cobbossee since 1987 and have worked to keep the lake healthy since then. These monies belong to Mainers, as do our lakes. Providing this small amount of funding will help tremendously. Please keep in mind that it is far less expensive to protect our lakes than fix them when they become sick.

Thank you for your support.
