Re: LD 2106

Dear Senator Carney, Representative Kuhn, & honorable members of the Judiciary Committee,

I am writing to you today as a Maine citizen & member of Maine Nurse Practitioner Association (MNPA) to to urge you to support LD 2106 'An Act to Prohibit the Disclosure of Nonpublic Records Without Proper Judicial Review' (emergency bill).

We as a nation and state value privacy and protected records and have a judicial process that is supposed to protect us from inappropriate disclosure. As a medical professional and citizen, I value confidentiality and know the potential problems with disclosure of sensitive information.

There was surely testimony on examples of rights/expectations for privacy that were trampled. We have laws that I thought protected us but I urge you to support LD 2106 to assure proper Judicial oversight to maintain confidentiality, privacy, & trust is essential and everyone must adhere to our nation's & state's laws as a foundation of democracy.

Thank-you in advance for your consideration of my request & position of this matter. Please feel free to contact me with any questions or if I can be of assistance.

Sincerely,

Kathleen Forti-Gallant DNP
