I am writing to formally request that you direct a portion of Unclaimed Beverage Container Deposits to the Lake Water Quality Restoration and Protection Fund, the Maine Working Farmland Access and Protection Program and Public Defender Office Staffing. I am an owner and tax payer of a property on Toddy Pond. Because of the recent decision of AIM to abandon their responsibility of the dams, it has created a financial burden on lakeside land owners, the town and the state. As a land owner, we already pay a premium for waterfront properties, unlike others who are free to use the lake via the public boat landing. So, we are asking for help from any source that decreases that burden. Please help us with a positive vote for this bill.

With much appreciation,  
Mark Fowler
