

Bruce Fernald

LD 2002

To whom it may concern

My name is Bruce Fernald I live on Little Cranberry Island, Me. I have been lobster fishing for 51 years a founding member of the Cranberry Isles Fisherman's CoOp since 1978. I also have been on the MLMC board for the last six years. My life is obviously centered on Lobsters and I am a full supporter of most anything that helps our industry in many ways. I believe that the MLMC is one of those ways in these times of uncertainty this group not only promotes but educates and informs the public of most issues that face us. Although it is hard to substantiate whether the price is helped in a positive way it is definitely not a negative. The Lobster industry whether marketing or catching is a very complex process it's not like marketing Coca Cola or Cheerios!

So I am hoping the MLMC is approved for another five years.
