

Stephen Trehu
Vienna, ME
LD 2141

Hi. I'm a full time resident of Vienna, and have also enjoyed a camp on Flying pond for many years. I write in strong support of LD 2141.

The point of bottle deposits is to reduce waste and protect the environment. The money from unredeemed deposits should, therefore, appropriately be used to protect the environment. For it to go back into the pockets of the industry is completely inappropriate.

Our lakes are under constant threat of degradation, and sufficient funding to take care of them is scarce. Our quality of life and our economy depend on clean lakes!

Thank you.
