

DeFife Scott
Glass Packaging Institute (GPI)
LD 2036

Dear Chair Tepler, Chair Doudera and Members of the Committee,
On behalf of the Glass Packaging Institute (GPI), I offer our support for the LD 2036,
An Act to Clarify the Approval Process for and the Operation of the Commingling
Program for the Management of Beverage Containers.

GPI is the North American trade association for the glass food and beverage
manufacturing companies, glass recycling and other partners and suppliers to the
industry. The glass container industry's relies on the high quality glass redeemed in
beverage container deposit programs across Maine, which represents a core pillar of
the recycled glass used to manufacture new bottles and jars.

This legislation would ease compliance requirements, and at the same time, uphold
the critical environmental, volume and efficiency upgrades included in the 2023 law
that strengthened the beverage container deposit program.

Thank you for your consideration of our support.

Scott
