Gouldsboro
LD 2070

Dear Members of the Joint Committee Environment and Natural Resources,
I am writing in support of LD 2070, an Act to Prohibit Landfill Expansion into Wetlands. Freshwater wetlands are a key part of the environment and provide many benefits. Among those benefits are improved water quality, flood control, critical habitat for a diversity of wildlife, and a variety of recreational opportunities to name a few.

Wetlands are precious natural areas and we should be protecting them at all costs. Juniper Ridge landfill must not be allowed to pollute and destroy any more wetlands. I urge you to support LD 2070 and vote Ought to Pass.

Respectfully,
Suzanne Jean
