

Steve Cartwright
St. George
LD 785

As former editor of The Wabanaki Alliance newspaper, I want to express my 100 percent support for LD 785, updating the land claims act. I stood across from President Jimmy Carter when he signed the act with an eagle feather from the Penobscot Nation. It was a great moment. But now it's time to improve the law for the benefit of Wabanaki people. There is no downside to this. Please give it your utmost support. I am a non-Native long time ally of our neighbors, the People of the Dawn.
