

Robert Burns
Town of Windham
LD 2173

Senators, Representatives and Committee Members, I apologize that I was unable to participate in today's discussion, but I had to sign off to attend another important meeting. I was encouraged after listening to thoughtful discussion from peers in Westbrook and Brunswick as well as GPCOG. While Windham's Town Council remains in opposition to LD1829, it sounds like there could be hope with revisions to LD2173 to craft a bill that is far more palatable to Windham. I look forward to the workshop stage and hope to be able to participate.

Bob Burns, Windham Town Manager
