LD 395

I am writing in support of LD 395. This bill puts the Wabanaki Nations on equal footing with all other federally recognized tribes. It has broad bipartisan support, it didn't change existing gaming laws, and it would benefit both Wabanaki Nations and rural Maine. In addition, it will address 40 years of missed opportunities to empower Wabanaki Nations.

Thank you for your time and your consideration of this important bill.
