I'm asking you to include \$15 million of ongoing investment into the Child Care Affordability Program.

Pre K teachers deserve a living wage. As a parent, it's important to me that my children are in the care of competent caring people who are able to meet their own needs. If it weren't for our incredible ECE workforce, I would not be able to work. Childcare is already hard to afford - we need every support we can get in this area!
