I'm asking you to include \$15 million of ongoing investment into the Child Care Affordability Program.

As a parent, without CCAP I would be working to pay for childcare just so I could go to work and not have enough money to pay my bills. Without childcare, I would not be able to work also leaving me with no paycheck to pay my bills. I know I am not alone. This is an every day struggle for all working parents. As a teacher, I see other parents just like me put in these impossible situations.
