I'm asking you to include \$15 million of ongoing investment into the Child Care Affordability Program.

I am a single mother of 4 children, 2 which are in child care. Without subsidy I would not be able to afford childcare which would mean I would not be able to work because I would need to be home to care for my little ones full time. That would also mean that I would not be able to afford any of my other necessities and bills. Please think of all the parents this helps out.
