I'm asking you to include \$15 million of ongoing investment into the Child Care Affordability Program.

We currently have several families on the CCAP waitlist. Some of them are barely making ends meet, some have reduced their child's schedule, and others we are currently providing scholarship for. We have a small scholarship fund, and though it is intended to last through the end of June with our fiscal year, we had entirely used that money before January. And we can't afford to add any bit more as our budget is already incredibly tight.
