Dear Maine Legislatures,

Please confirm the bill for a state wide bell to bell policy for our youth in all school districts in Maine. We want our students to be engaged in class, free to live life as a child/adolescent without peer pressures, the threat of being recorded, as they navigate life. Let's support our teachers and take the responsibility off their plate to police personal technology devices. Research has proven it takes the adolescent brain over 20 minutes to refocus after being distracted by a device.

Please keep the best interest of our children at the forefront of legislation.

I thank you and appreciate all you do to help our students,
