

Terri Grover
Portland
LD 335

My name is Terri Grover and I live at 50 Bramblewood Drive in Portland. Thank you for allowing me to submit testimony on this bill.

Since the current administration has been in office, crucial funding has been slashed that support the important work of supporting women's health. The impacts of this abrupt funding slash have already been felt: Maine Family Planning has ended primary care services in Houlton, Ellsworth, and Presque Isle, communities where access to health care was already limited. And since the beginning of 2025, nearly 50 Planned Parenthood-affiliated health centers nationwide have closed.

For many women, this is their only source of healthcare. Please support Maine women. Thank you.

Maine must step up and step in to fill in the enormous gaps created by the Trump Administration's de-fund.
