

Kristine Adams
Auburn
LD 2103

Thank you for reviewing my testimony regarding the cyberattacks at St. Mary's & CMMC last year, had an impact on myself. My name Kristine Adams of Auburn, formally of Lewiston. I am a type 2 diabetic that uses insulin to help regulate my sugars. During the attack, I was running low on mu humalog which requires a PA with my insurance, during this outage my doctor was unable to receive messages thru the patient portal, and when calling the doctor, everything was hand written, therefore which can get lost on the shuffle. I had to limit my dosage to ensure I had enough for my 3 doses per day. I normally take 20 units per meal, but with this situation, I was taking 10 units instead to prolong my medication. It came to the point that I had to fill the medication thru Good RX which cost me \$150 for 5 pens, normally this copay os \$35.00 for 5 pens. I just couldn't wait any longer. Thank you for your time!
