

Geri Gajewski
South Portland
LD 2174

Greetings Senator Tepler, Representative Doudera and Members of the ENR
Committee:

My name is Geri Gajewski, I live in South Portland, ME and I am testifying in
opposition to LD 2174 "An Act to Replace the Maine Waterway Development and
Conservation Act with the Maine Renewable Energy and Associated Transmission
Development and Conservation Act"

It is essential to keep local control over our energy sources and production. WE know
what is best for our communities. Energy companies bottom line is money not what is
best for our environments and quality of life. We are already facing outrageous
energy bills and must keep local control and not hand any control to companies that
are profit driven.
