LD 2174

Greetings Senator Tepler, Representative Doudera and Members of the ENR
Committee:

My name is Sasha Spencer, I live in Vassalboro, ME and I am testifying in opposition to LD 2174 "An Act to Replace the Maine Waterway Development and Conservation Act with the Maine Renewable Energy and Associated Transmission Development and Conservation Act"

I feel strongly that the proposed changes to the Maine Waterway Development and Conservation Act will leave communities unprotected from predatory extraction of public resources for the enrichment of private corporations. Communities deserve an avenue to say no to projects which they feel do not serve the interests or threaten their access to clean water.

Thank you for your attention to this matter and thank you in advance for voting no on L2174.Sasha Spencer
