I am requesting that the following concluding statement be appended to my initial written testimony submitted last evening which I failed to include: "For the sake of families faced with the possibility of a termination of pregnancy and the agonizing decision they will have to make if such a termination is deemed necessary and given my family's experience with my mother's 3rd pregnancy, I am advocating that the HHS Committee vote 'Ought to Pass' on LD 335, An Act to Safeguard Reproduction Rights."
