

Mary Dunn
Whitefield
LD 2226

Good Day,

Please support LD 2226 An Act to Amend the Essential Programs and Services School Funding Formula.

Whitefield has seen a huge jump in the valuation of properties over the last few years. This jump does not correspond to a change in our demographics or mean income of our community members.

Because of this we have seen a drop in our education subsidy from the State, in turn placing a higher tax burden on a population already struggling to pay.

Please amend the school funding formula to include mean income so that municipalities with more resources pay their fair share to all the children of Maine.
Thank you!
