Testimony

In Support of

LD 65 An Act to Require That Printing Services Provided to the General Public by the University of Maine System Be Provided at Market Rates

Good Afternoon Senator Curry, Representative Roberts and distinguished members of the Innovation, Development, Economic Advancement and Business Committee, I am Representative Shelley Rudnicki. I represent House District #67, the towns of Fairfield and Benton. I am here today to introduce **LD 65 An Act to Require That Printing Services Provided to the General Public by the University of Maine System Be Provided at Market Rates**

I put this bill in on behalf of a constituent, Mr. Donald MacIntyre who was the owner of a Print shop in Farmington and reached out to me a couple of years ago.

If the University of Maine system does printing then they should be selling their services at market rate. The University is subsidized by the state and it has an unfair advantage over the private sector.
