Senator Carney. Representative Moonen, Honorable Members of the Joint Standing Committee on Judiciary, my name is Marie Keene and I reside in Swanville. I am here testifying in opposition to LD 1619 a bill that would allow abortion up to birth.

Today I, SPEAK UP FOR LIFE, for the babies who can't. LD1619 is EXTREME and a bill that I (as a Maine native) and many others that are here today do not want in our great State where people come to enjoy life not take it. Please don't allow Maine to join those few state who have passed such laws.

All murder is wrong but especially of innocent babies who can't defend themselves. I am Pro-Life, I am catholic and I oppose this bill.

I am asking you today to please vote NO on LD1619 a bill that will allow for abortion, killing, murder of a full term baby, a baby that could survive outside of the womb, given the chance.

Please look deep inside yourselves and make the right decision.
Vote NO.

Thank you.
