Senator Carney, Representative Moonen, and Honorable Members of the Joint Standing Committee on Judiciary:

My name is Roseann Davis, and I'm a resident of Bucksport. I'm here to testify in opposition to LD 1619.

Thank you for giving me this opportunity to appeal to you to vote "Ought Not To Pass on LD 1619.

First, let me take a moment to be grateful to your mothers for choosing to give you life. Without her decision you would not be sitting where you are today with the enormous responsibility of partaking in a life or death decision for countless babies who deserve to live their lives just as you and I have.

I watch the ads on TV by the ASPCA showing shivering, starving, abused animals and they are begging and pleading with all of us, "won't you please help save these animals?" And I am greatly moved by the plight of these animals, but I can't help but ask, where are the people begging and pleading for the lives of little babies?

So, here I am. Begging and pleading.

Right now in Maine there are hundreds of little babies being aborted by medications, ripped from their mother's wombs, thrown in trash cans or incinerators or used as fetal tissue research. They have no hope. No chance of life. Pro-life supporters are committed to searching for every opportunity to ensure life of these babies and to eliminate bills like LD 1619 that threaten continued use of these and even more savage ways to kill innocent little lives. But we cannot save these precious lives without your support.

So please, it only takes a few minutes of your time to vote "Ought Not To Pass" and you become a "Defender" and not a "Taker" of life.

**THE SITUATION IS URGENT!** Please, go home, pray about the issue, call your mom and tell her "thank you for choosing life." Then take action and vote "Ought Not To Pass" on LD 1619.

Won't you please help save these babies?
