

Senator Carney, Representative Moonen, and Honorable Members of the Joint Standing Committee on Judiciary:

My name is Virginia Killer, and I'm a resident of Dixfield. I'm here to testify in opposition to LD 1619.

As a foster parent for almost ten years, we had many children we cared for in our home. One of the children we cared for was eight weeks premature when they arrived in our home. The child was very healthy and thrived while with us. The thought of someone ending the life of a child that can clearly live and thrive outside of the womb is unimaginable to me.

Late term abortion is murder, many of these babies could lead full, happy lives if they are just given a chance. Please vote ought not to pass.
