

To the Members of the Judiciary Committee,

My name is Kristen Kuschke and I oppose LD 1619. For the love of God, people! LD 1619 is nothing short of murder. Your constituents do not want this abortion expansion. It isn't necessary. Emergency provisions for the health of the mother are already in place. Look, I'm a nurse here in Maine and can tell you science has come too far. Already we are without excuse. Thou shalt not kill. This is murder. Nothing less. Their blood will be on your hands.

Praying that you choose wisely.

Kristen Kuschke
