

My name is Tiffany Martin I am a resident of Corinth, I pray and decree that the stories you hear today will soften your hearts and open your eyes to how barbaric LD 1619 is. In fall of 2015 my husband and I unknowingly announced to our family the pregnancy of our middle son on the same day as his brother and sister in law announced their pregnancy of twin girls! My sister in law and I were about a week apart. But in January of 2016 we got a call that the twins would be born at 29 weeks due to complications from HELLP syndrome. There they were 2 pounds each, with 10 fingers, 10 toes and heart beats, reacting to their parents voices. I'm happy to say those babies who looked exactly like the ones who will be involved in this horrific bill are now 7 and in the first grade with our son, and are thriving! And a story with much less of a happy ending, last April at a DC abortion clinic 5 babies ranging from 24-32 weeks were found in buckets like trash. I'd show you pictures, but I accidentally came across them and it scarred my brain forever. That being said, if you're considering voting for this bill, I strongly suggest that you look up the hashtag on Facebook Justice for the 5 or find the story. If you can't stomach to even look at the pictures you have no right to vote to have it done to another person.

Lastly I'll close with two quotes:

"When honest people say what's true, calmly and without embarrassment, they become powerful." Tucker Carlson

And

"But whoso shall offend one of these little ones which believe in me, it were better for him that a millstone were hanged about his neck, and that he were drowned in the depth of the sea." And if you know the man who said that and plan to vote for this bill I suggest you get to know Him a little better.
