Subject: Opposition to LD 1619

This message originates from outside the Maine Legislature.

My name is Edward Pettit and I live in Scarborough, Maine. My wife and I have two children and four beautiful grandchildren, all living in Maine. I am testifying in opposition to Governor Mill's proposal to eliminate viability restrictions on the practice of abortion in Maine, which she proposes in violation of campaign promises to leave current law as it stands. Governor Mill's is apparently determined to kill viable babies. My wife and I am in complete opposition to this bill! Sincerely Edward Pettit.
