

Senator Carney, Representative Moonen, and Honorable Members of the Joint Standing Committee on Judiciary:

My name is Judi Freeman, and I'm a resident of Litchfield. I'm here to testify in opposition to LD 1619.

The majority of Mainers, our nation, or I, DO NOT support such a bill. Ultrasound technicians can testify that they visually see the unborn infant clearly reacts to pain. Abortion is to be rare and yet some people keep pushing for more extreme laws. Maine is close enough to neighboring states that have already chosen that path. Please leave things alone. The law is bad enough as it stands!

Please vote ought not to pass.
